

Colin Pascoe	Staff Governor
---------------------	-----------------------

I have been a teacher at Deyes for over 20 years. I predominantly work within the PE department specialising in rugby. I am Progress Leader for Key Stage 4 and have the privilege to work with our Year 10 and 11 students supporting with all aspects of curriculum and pastoral care.

I consider myself to be a firm, but fair member of staff. My wider role within the school allows me to work closely with our school attendance and safeguarding teams supporting students and families. I also hold responsibility for our 'School synergy' system which helps us to communicate with families more effectively.

I am Dad to two lovely children, one of whom has recently started secondary school. I also volunteer at a local rugby club coaching the under 9's who my son plays for.
